To Whom It May Concern,

This is a letter of recommendation for **Kim Brownie and Brownie Moving and Heavy Hauling**. Our firm has had the opportunity to utilize their services for over the past ten years. Our long-standing relationship with Kim and his company is based, not only on their excellent work, work ethic and honesty, but also on their unique skills, resources, and ingenuity.

As general contractors building exclusively in the high-end market of Jupiter Island, Florida, for over seventy years, we have performed many remarkable construction projects. Kim and his firm have been instrumental in a wide variety of numerous, difficult projects. They have consistently demonstrated the dedication, integrity, and attention to detail which we demand from all of our subcontractors.

From stabilizing, raising, or temporarily removing historic houses for new foundation work and rehabilitation, to removing existing homes onto awaiting barges, or to the mundane jobs of soil stabilization or demolition, Kim has reliably completed all of our projects, most often under very difficult conditions, with seeming effortlessness. Their clever and open-minded approach has been essential to successfully perform these very challenging projects, and I consider them a valuable asset to our firm.

We plan to continue to use Kim Brownie and Brownie Moving and Heavy Hauling in the future, and would recommend them highly to anyone in need of their services.

Very Truly Yours,

Kevin Wilkinson
Vice President
